AltusMetrum

Release Notes for Version 0.9.2

19 March 2011

Bdale Garbee `<bdale@gag.com>`

Keith Packard `<keithp@keithp.com>`

Version 0.9.2 is an AltosUI bug-fix release, with no firmware changes.

1. AltosUI

AltosUI fixes:

- Fix plotting problems due to missing file in the Mac OS install image.

- Always read whole eeprom blocks, mark empty records invalid, display parsing errors to user.

- Add software version to Configure AltosUI dialog
